

Release Notes

MedCen 6.3 Build 825

NEW! You can now call toll free: 0800 MEDCEN (0800 633 236) to reach our helpline

Capitation Based Funding - Registers

Recently there have been issues at some practices where exporting the CBF file has resulted in a file too large to be sent over HealthLink. This update has been released to ensure this file only contains all necessary and accurate data for the CBF process.

Please apply this update as soon as possible and resubmit the CBF export file by 12pm, August 30th, 2006.
