

Release Notes

MedCen 7.1 Build 500

No More Bugs!

Bugs can show up in software in many forms. Some will be minor, resulting in some unexpected behaviour. More serious bugs will cause error messages to appear or even cause the system to 'crash'. Let us know if you find any bugs and help us eliminate them! You can contact us by calling 0800 MED CEN (0800 633 236) or by emailing us at support@medcen.co.nz

Resolved Issues

-  Smoking Status measurements were not displaying their mapped codes.
-  An error message was generating while running Immunisation Recalls
-  The standard form report and labels had incorrect printer settings.
-  HPV immunisation information could not be filled in so the transaction remained incomplete.
-  Patients with a large number of test results couldn't display properly in the flowsheet.
-  An error message would quickly flash when starting the Letter Writer.
